Ellah Omezi, FCIB

CEO, Pleroma Farms And Agri Business Limited

Nigeria

Ellah Omezi is the Group CEO of Pleroma Group, overseeing diverse subsidiaries in agriculture, energy, textiles, consulting, and security. With over 20 years of managerial experience in banking and marine services, and five years as an entrepreneur, she is a builder, innovator, and passionate advocate for women empowerment, particularly among rural farmers in Northern Nigeria. A Fellow of the Chartered Institute of Bankers (FCIB) with an MBA in International Business, Ellah has completed 30 entrepreneurship certifications and trained over 60 women agribusiness start-ups across 12 African countries. Her leadership fosters customer-centric growth, team collaboration, and business success. Through her extensive training and mentoring initiatives, she equips African women entrepreneurs with the tools to build sustainable businesses and scale with strong foundational structures.

Pleroma Farms And Agri Business Limited

Is a dynamic conglomerate comprising five subsidiaries: Pleroma Farms and Agri-Business Limited, Pleroma Global Energy Solutions Limited, Pleroma Textiles Limited, Pleroma Management Consulting Limited, and Pleroma Security and Safety Solutions Limited. Renowned for innovation and impactful leadership, Pleroma Group excels in business start-up, operational leadership, policy development, business alliances, and process optimization. The company's expertise spans corporate leadership, financial management, risk management, project evaluation, and training. Recent projects include food processing for export, agro-commodity storage, community solar electrification in Rivers State, Nigeria, and empowering farmers and aggregators through activities such as the picking, sorting, and bagging of ginger and other spices. With a focus on innovation, sustainable growth, and community development, Pleroma Group is committed to transforming industries and empowering communities.
